DYNO-TAB® Power Booster

No. 45440
DYNO-TAB® PLUS 2-Tab Card (1 g each)
Each tablet treats 16 gallons (60 liters)
Bulk Pack:
Inner Carton, Contains 48 Cards
Master Carton, Contains 6 Inner Cartons, Total 288
Counter Display Available on Request. Ships flat.
Retail Ready Counter Display:
No. 45440-RCD-12 12 Piece Counter Display

No. 45446
DYNO-TAB® PLUS 6-Tab Card (.5 g each)
Each tablet treats 8 gallons (30 liters)
Bulk Pack:
Inner Carton Contains 48 Cards
Master Carton Contains 6 Inner Cartons, Total 288
Counter Display Available on Request. Ships flat.

No. 45447
DYNO-TAB® PLUS 12-Tab Economy Pack
(1 g each)
Each tablet treats 16 gallons (60 liters)
Bulk Pack:
Inner Carton Contains 12 Packs
Master Carton Contains 6 Inner Cartons, Total 72

No. 45444
DYNO-TAB® ONE, Injector Cleaner (1 g each)
Each tablet treats 16 gallons (60 liters)
Bulk Pack:
Inner Carton Contains 125 Cards
Master Carton Contains 6 Inner Cartons, Total 750

No. 45602
DYNO-TAB® DIESEL 2-Tab Card (1 g each)
Each tablet treats 16 gallons (60 liters)
Bulk Pack:
Inner Carton Contains 48 Cards
Master Carton Contains 6 Inner Cartons, Total 288

Industrial Applications

No. 45806
DYNO-TAB® DIESEL Fleet & Industrial - 100
Each vial treats 100 gallons (379 liters)
Vial contains 6 grams

No. 45815
DYNO-TAB® DIESEL, Fleet & Industrial - 250
Each vial treats 250 gallons (947 liters)
Vial contains 15 grams

No. 45830
DYNO-TAB® DIESEL, Fleet & Industrial - 500
Each vial treats 500 gallons (1,893 liters)
Vial contains 30 grams

Injector Cleaner Dyno-Tab® PLUS

Add one tablet to fuel tank prior to each fill-up to keep injectors clean.

For Gasoline and Diesel

- Keeps Injectors Clean
- Increases Power & Performance
- Stabilizes Fuel
- Helps Improve Fuel Economy

The Problem

The fuel injected vehicles of today are designed to get the maximum power and performance out of small, highly efficient engines. However, the designed power, performance and fuel efficiency depends on the injector cleanliness. When the injector becomes fouled with contaminants, the spray changes from a highly atomized fog that combines fuel and air into a dribble or inconsistent spray of liquid. The results are poor performance, reduced economy, increased smoke and a deterioration in the makeup of exhaust gases.

The Solution

Regular use of Dyno-tab® Plus keeps injectors free of contamination and operating just as they were designed to do. Dyno-tab® Plus also retards the development of fuel sludge, a leading contributor to injector fouling.

All the benefits of Dyno-tab® ...

Dyno-tab® PLUS also has all the benefits of regular Dyno-tab® Fuel Treatment. That's a proprietary combustion catalyst that improves power and performance, increases octane and reduces smoke and harmful emissions.

... PLUS Injector Cleaner

- More Power
- Improved Performance
