DYNO-TAB® Power Booster

Works with all Coolants
and Systems

Cooling System Protection

Prevents

OVERHEATING

Coolant Booster *Cooler Coolant® Extends Coolant Life*

No. 55402

DYNO-TAB® COOLER COOLANT® 3-Tab Card

Each card treats up to 12 liters.

Inner Carton Contains 24

Master Carton Contains 6 Inner Cartons - Total 144

No. 55401

**DYNO-TAB® COOLER COOLANT®
Single Application Pouch**

Treats up to 12 liters.

Extends Coolant Life

- ▶ Prevents Overheating
- ▶ Reduces Engine Temperature Up to 20° F
- ▶ Restores Corrosion Protection

Dyno-tab® Cooler Coolant® restores coolant life by replenishing critical coolant additives. Cooler Coolant® restores rust and corrosion protection, anti-foam properties and water pump lubricant to extend the service life of old coolant. Cooler Coolant® tablets also add special wetting agents to engine coolants (new and used) that improve heat transfer as the coolant moves over engine surfaces. The result is reduced operating temperatures.

Radiator Flush *Cleans while you drive!*

No. 55468

DYNO-TAB® RADIATOR FLUSH, 3-Tab Card

Each card treats up to 12 liters.

Inner Carton Contains 24

Master Carton Contains 6 Inner Cartons - Total 144

No. 55461

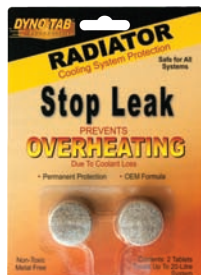

**DYNO-TAB® RADIATOR FLUSH
Single Application Pouch**

Treats up to 12 liters.

Cleans While You Drive

- ▶ Removes Heat-Trapping Deposits
- ▶ No Need To Drain System Prior To Use
- ▶ Keeps Your System Running Cooler

Over time, radiator deposits gradually accumulate on metal and plastic surfaces inside the cooling system and form a heat-trapping barrier that retards the heat transfer ability of the cooling system fluid. Performing a radiator flush should be part of your regular vehicle maintenance to prevent deposit buildup and dangerous roadside breakdowns. Dyno-tab® Radiator Flush tablets are quick and easy to use and work while you drive. This proprietary pH balanced formula cuts system-choking deposits to restore cooling efficiency and fight overheating.

Stop Leak

Protects against coolant loss!

No. 55442

DYNO-TAB® STOP LEAK, 2-Tab Card

Each card treats up to 20 liters.

Inner Carton Contains 6

Master Carton Contains 6 Inner Cartons - Total 36

No. 55441

**DYNO-TAB® Stop Leak
Single Application Pouch**

Treats up to 10 liters.

Stops Leaks Before They Happen

- ▶ Permanent Protection
- ▶ Free flowing OEM Formula
- ▶ Safe For All Cooling Systems
- ▶ Compatible With All Coolants and Water-Only Systems

Dyno-tab® Radiator Stop Leak is a proprietary formula used by a major OEM vehicle manufacturer. Added to every cooling system as vehicles roll off the production line, Dyno-tab® Radiator Stop Leak provides permanent protection against leaks and seepage. Protect your system! Even a minor amount of coolant loss can lead to a roadside breakdown and costly engine damage. Don't wait for a leak to happen! Add Stop Leak today for full protection.

No Bottle! No Spills! No Measuring! No Mess!
